

Ceremony Kitchen - Deep Site Audit Report

Overall Site Score: 59.1 / 100

Total Products Analyzed: 53

Top Critical Sitewide Issues

1. Nutrition facts panel missing (Found on 2 products)

Fix: Create formatted nutrition panel (per 100g): calories, protein, carbs, fat, sugar, sodium. Display above fold or in collapsible section.

2. Missing NutritionInformation schema and nutrition facts panel. (Found on 1 products)

Fix: Create NutritionInformation schema with calories, protein, carbs, fat, sodium, sugar per 100g and per serving. Display nutrition facts panel on product page; link to full FSSAI compliance doc.

3. Thin content (166 words) lacks ingredient transparency and allergen safety info critical to food buyers.

(Found on 1 products)

Fix: Expand to 400+ words: (1) Ingredient list in descending order + 'no preservatives' claim validation. (2) Allergen declaration + cross-contamination policy. (3) Storage & shelf-life FAQ. (4) Serving size & servings per pack.

4. Product schema brand field shows 'My Store' instead of 'Ceremony Kitchen'; destroys brand identity and violates BCP § Identity (Found on 1 products)

Fix: Update Shopify product metadata: Brand = 'Ceremony Kitchen'. Re-publish schema. Audit all 40+ product pages for this error.

5. Page content (166 words) lacks ingredient transparency, nutritional data, and allergen warnings required for Wellness Warrior ICP and food safety compliance (Found on 1 products)

Fix: Expand to 400+ words: add 6-ingredient list + sourcing story + nutritional facts + allergen matrix + storage instructions + gluten-free certification link
